## Summary

Point 2	<p><u>WG1</u>: Last meeting was on 19/11 and the next one on 3/12. Compiled a table with the topics the WG plans to work on and the WG members that will contribute to each topic. Request to WG1 members to add their feedback in the shared document by the end of the week.</p> <p><u>WG2</u>: Organised a workshop on 18 November on heat pump flexibility and how it could be modelled by the ENTSOs (presentations uploaded in the sharepoint. The WG would like to organise a workshop on the demand forecasting tool that ENTSOs are using. Also working with Eva and Quintel to improve the data discrepancy in the ETM regarding residential heat pump deployment in the reference year 2019. Request to the ENTSOs to send information about demand modeling in the 2026 cycle ahead of the planned December workshop.</p> <p><u>WG3</u>: Organising a meeting about the price setting mechanism for hydrogen. Suggestion to prepare feedback to the ENTSOs on how to model the flexibility of heat pumps. Planning a workshop next year to identify priorities for the WG.</p> <p><u>WG4</u>: No updates. Waiting for the Innovation Roadmap Document.</p>
Point 3	Eva is retiring and giving up the co-convenorship of the SRG by the end of 2024. Two formal processes to plan (1) replacement of the representative by Thuega (2) open call for interest among SRG members to replace Eva as a co-convenor. Description of the role/responsibilities document will be uploaded on sharepoint. The voting process should be completed by the 18 <sup>th</sup> of December. Updates to follow by email by the SRG convenors.
Point 4	No date selected yet, potentially second or third week of December. Request to ENTSOs to announce the day by the end of this week.
Point 5	Reminder to fill in the WG1 document mentioned above and the excel file for SRG members to fill in their location so that the SRG can use the information to plan easily in-person meetings.
Point 6	Eva asked if there is a date the innovation roadmap will be discussed by the ENTSOs Boards. ENTSOG said the document will go through the relevant steering group meeting next week. Publication planned for January.
